

SCHÄFER Party-KEG – Simply engage tap and enjoy fresh draught beer

Party-KEG

Bunghole

Tap

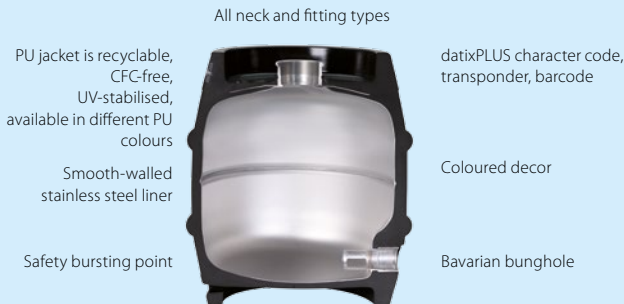

Air inlet valve for flat fitting

Air inlet valve for basket fitting

Party-KEGs from SCHÄFER: simply knock in the tap and the fun can begin: Enjoy tapping fresh draught beer.

The KEGs with the insulating PU coating in sizes of 10 up to 30 litres can be decorated individually, according to customer wishes. Whether in one or more colours, with a logo or slogan in the middle of the barrel or with all-round lettering – we can help you increase your brand recognition even further. The spring valve closes the KEG automatically once the tap is removed. This prevents dripping and guarantees optimum protection for the beer inside.

All neck and fitting types

PU jacket is recyclable, CFC-free, UV-stabilised, available in different PU colours

Smooth-walled stainless steel liner

Safety bursting point

datixPLUS character code, transponder, barcode

Coloured decor

Bavarian bunghole
